EXQUISITE DIGITAL PIANOS FOR ALL MUSICAL JOURNEYS

There is nothing quite like exploring the world of music and letting it take you to new levels of learning, discovery, inspiration, and expression. Yamaha digital pianos are the perfect companions for this journey. Elegant and crafted with uncompromising standards in quality and state-of-the-art technology, each Yamaha digital piano is sure to give players of all levels countless hours of musical enjoyment and creative artistry. Discover what makes Yamaha digital pianos unique and write your own new musical chapter.

YAMAHA: OVER 130 YEARS OF EXPERTISE IN INSTRUMENTS

A UNIQUE COMBINATION

With more than 130 years of uncompromising craftsmanship in instruments and digital engineering for more than 30 years, Yamaha has a unique knowledge and experience in making various musical instruments. Our dedication to precision is no coincidence: after all, our founder was a trained watchmaker, whose attention to detail established our philosophy of setting the highest of standards in quality and reliability. Today this can be experienced in every Yamaha instrument.

TECHNOLOGY MEETS TRADITION

Tradition and innovation have always been driving forces at Yamaha. As a result of digital piano development we set up a new benchmark with the Clavinova series in 1983. From this starting point we've consistently gone the way of designing the highest standard digital pianos from classical pianos, up to our portable pianos and keyboards. Regardless of model, they all stand for high quality materials, craftsmanship, and the latest audio & digital technology. And all must pass our strict quality controls.

PURE PLAYING ENJOYMENT

Our digital pianos come packed with features, highlights and state-of-the-art digital technology. Experience keyboard actions, with the touch and feel of an acoustic grand piano, or the rich authentic sound of the world-famous Yamaha CFX Concert Grand Piano. Enjoy a vast selection of extraordinary and versatile voices and sounds for countless hours of musical exploration and fun. Just right for all ages and piano skill levels.

MORE MUSIC MAGIC

Uncompromising quality and the very latest in audio and digital technology make our portable pianos the perfect musical partners for more playing fun, learning, and creative expression. Experience the feeling of a grand piano at your fingertips and let the music take you to new playing heights. Transport and setup are always quick and easy, so you're ready to play when and where you want. Whether at home or live on stage, with Yamaha portable pianos the musical journey never ends.

POWER-PACKED AND FULL OF FEATURES

Choose from hundreds of authentic sounding voices, over 200 accompaniment styles and sing along while playing with the microphone. The user interface with its 4.3 inch colour TFT display control and the Graded Hammer Standard (GHS) keyboard makes the versatile DGX-670 the right choice for all those looking for next-level portable piano technology and sound.

VERSATILE & PORTABLE

DGX-670 | P-S500 | P-515 | P-125a | P-121 | P-45

Musical discovery and enjoyment should go anywhere. That's why we created the Yamaha DGX-670, P-S500, P-515, P-125a, P-121 and P-45. Their lightweight, hassle-free portability and easy setup mean you're always ready to play when and where the inspiration hits you.

THE EXCEPTIONAL SIDE OF ENTRY-LEVEL

CLASSIC & SLIM

YDP-165 | YDP-145 | YDP-S55 | YDP-S35

The aesthetic design of ARIUS in the tradition of classic piano craftsmanship is a highlight for any room. Thanks to their lighter weight and compact stance, they can also be easily moved to where the music is needed most. Make any location the perfect place for a musical performance with this high-performing series.

ARIUS

If worlds collide and the best of both are combined in one instrument, you can enjoy the highest playing fun. Naturally, the YDP-165 has an authentic grand piano sound, but it also features various other built-in instrument sounds, for a total of 10 voices — including electric piano, organ, vibraphone, and strings.

BREATH-TAKING & MIND-BLOWING

SOPHISTICATION IN STYLE AND SOUND

Start your day with music and a huge smile on your face — the ARIUS piano makes you want to play more and more. The YDP-145 features a piano voice sampled from Yamaha's flagship CFX Concert Grand Piano — a renowned piano that delivers sparkling highs and a powerful resonant bass combined in a superbly expressive sound.

HIGHLIGHTS YDP-S55

- Graded Hammer 3 (GH3) keyboard with 88 keys and synthetic ebony and ivory keytops
- CFX piano samples
- 10 Voices
- Virtual Resonance Modeling Lite (VRM Lite)

MORE:

Introducing the slim design model of the ARIUS digital piano range – the YDP-S55 featuring an 88-key, weighted keyboard. With Yamaha’s CFX Concert Grand Piano sound as a built-in voice, everyone experiences a luxuriously expressive playing feel with the GH3 keyboard.

GRAND FEEL – COMPACT DESIGN

FITS ALL SPACES AND PLAYING AMBITIONS

Same its big brother the YDP-S35 comes with an 88-keys piano action. The GHS (Graded Hammer Standard) keyboard reproduces the touch of an acoustic piano, from a naturally heavy feel in the lower key to a lighter touch in the upper octaves.

HIGHLIGHTS YDP-S35

- Graded Hammer Standard (GHS) keyboard with 88 keys and matte black keys
- CFX piano samples
- 10 Voices
- Virtual Resonance Modeling Lite (VRM Lite)
- Key-Off Samples

APPS

Smart Pianist

Smart Pianist is a free application that will help you enjoy life with your piano a whole lot more – it can even be used to configure instruments with ease! This single application for use with Yamaha digital pianos can display scores or preset song data.

Chord Tracker

Have you ever tried to figure out what the chords are to your favourite songs?

Yamaha's new Chord Tracker app does the hard work for you, and much more! The Yamaha Chord Tracker app helps you practice and perform songs by analyzing the audio song stored in your smart device and then displays the chord symbols for you.

The flowkey application offers lessons specially designed for beginners or those who haven't played for a long time to practice at their own pace. flowkey is available on a paid subscription basis, and can be used with Yamaha digital pianos.

You'll be amazed at how quickly using the flowkey piano learning app with your Yamaha digital piano you can learn to play your favourite music. flowkey provides a music score as well as video for you to check fingering with. Get started today to discover piano arrangements tailored to your level and play your first song within minutes!

flowkey is offered by flowkey GmbH

All apps are available for iOS and Android

THE LANGUAGE OF DIGITAL PIANOS

KEYBOARD

NWX Keyboard: The NWX keyboard found in P-515 features white keys made from only the best quality wood and topped with synthetic ivory. The black keys are finished in textured synthetic ebony. Furthermore, this keyboard features the true feel of the escapement mechanism found in a grand piano which the hammers away from the strings quickly after they strike them, in order to prevent any interference with string vibration.

GH3 Keyboard: The Graded Hammer 3 (GH3) keyboard

reproduces the touch of an acoustic piano, from a naturally heavy feel in the lower register to a lighter touch in the upper octaves. The GH3 keyboard provides a grand piano-style response and feel, allowing rapid note repetition and authentic expressive control.

GH3 Keyboard: The Graded Hammer Standard (GHS) keyboard reproduces the touch of an acoustic piano, from the heavy feel in the lower register to a lighter touch in the upper octaves.

VOICES

Voices are musical instrument sounds, such as piano, organ, or stringed instruments which you can select and play on the keyboard action.

Dual Mode: With the Dual mode, two voices can be played simultaneously. You can create warm and richly textured voices by using voices from different groups simultaneously in a layer, or by using voices in the same group.

Split Mode: The Split mode enables you to play two different voices on the keyboard—one with your left hand and another with your right.

RHYTHM & STYLES

Rhythm: You can select a rhythm from a variety of musical genres, such as pop and jazz, and play along with it.

Styles: Styles are various accompaniment and rhythmic backing patterns in a variety of different musical genres including pop, jazz, and many others. The Style features auto accompaniment which detects the "chords" automatically, and lets you produce automatic accompaniment playback simply by playing the keyboard. This lets you automatically recreate the sound of a full band or orchestra – even if you're playing by yourself.

SONGS

Preset songs are stored into the instrument and can be used for listening to or to learn.

SONG REC: You can record your piano performance as a User Song in SMF format. Up to 16 tracks can be recorded separately (depending on the model).

USB AUDIO REC / PLAY: With this method, your performances are recorded as an audio file and saved to a USB flash drive. Recording is done without designating the recorded part.
