DGX-660

Playing and singing: a musical all-rounder awaits you

Beginners and experienced piano players alike love the versatility of the DGX-660. It has an outstanding sound thanks to the Pure CF Sound Engine, while the Graded Hammer Standard (GHS) weighted keyboard provides an authentic feel. Moreover, you can choose from hundreds of instruments and over 200 accompaniment Styles. Like to sing while you play? The DGX-660 is perfect for you! A microphone jack and the built-in speaker system allows you to do just that – plus the DGX-660 comes with professional effects. You can get

creative and compose your own arrangements with the 6 track recorder or record an audio file of yourself playing the piano and singing on a USB stick. The “Piano Room” feature gives you access to a variety of different pianos, while also allowing you to easily change the sound. The USB to HOST terminal lets you connect to a computer or iOS device, while the optional UD-WL01 WiFi adapter allows you to connect the piano wirelessly to a network.

flowkey – learn to play the piano with your favourite songs

Discover or rediscover piano playing with Yamaha and flowkey

Whether discovering or rediscovering the piano, the cross platform flowkey app will inspire and motivate you on your musical journey. When buying a Yamaha digital piano or keyboard, you will receive three months premium access to over 1000 interactive professionally arranged songs for all abilities – for free. Also included are lessons and courses covering topics such as 'reading music' and 'chords'. So what are you waiting for? Learn to play the songs you've always wanted to play with Yamaha and flowkey.

Get Started Today

Over 1 million piano players are already using the intuitive flowkey app. With flowkey, you will not only discover amazing piano

pieces, you can also decide flexibly when and for how long you want to practice. Register yourself with flowkey and your instrument with Yamaha, and off you go.

Even beginners can play their first songs by themselves within a short period of time. The app will recognize automatically through the microphone or a MIDI connection whether you are playing the right notes and provide you with interactive feedback.

Songs are sorted by level of difficulty and genre, from classical music to pop to video game tunes. There should be something for everyone – from beginners to professional musicians. The app is available in German, English, French, Italian, and Spanish. And if, after the three-month test period, you become a fan, you can access the flowkey features from €9.99/month.

Smart Pianist App – No matter what the song you play. The only app for you

Built in Piano Lessons

With Smart Pianist, you can play back song data and practice along with them. The app shows the notation of the built-in MIDI songs, and you can even enjoy additional songs from Yamaha MusicSoft (<https://www.yamahamusicsoft.com>).

Smart Pianist – unlock more from your digital piano!

With Smart Pianist v2.0 for iOS, piano playing is smarter than ever before: This free app allows you to control the many functions included in Yamaha digital pianos with your iPhone or iPad, for even easier operation. For example, Voices, rhythms and other settings can be selected directly from the screen, making it easy to enjoy new functions with ease. You can also save your favourite settings for quick recall at any time. Incredibly, Smart Pianist can even discover the chords in audio tracks in your iPhone or iPad instantly.

Easy Voice selection and Easy settings

In addition to selecting piano Voices, Smart Pianist can be used to adjust parameters such as room reverberation, and other subtle nuances of acoustic instruments.

Use the layer function to overlay Voices, or the split function to play different sounds with the left and right hands, playing multiple Voices simultaneously to create performances with a broad and full sound.

A range of functions such as Transpose, Tuning, Pedal and acoustic settings can be configured easily and intuitively.

Play your favourite tracks right away

Play your favourite songs right away with the "Audio to Score" function, which automatically creates chord charts based on the music in your smart device. You can even change the tempo or pitch, to play in your favourite key. Thanks to this feature you can play instantly along with your own music.

Currently Smart Pianist Android V2.2 will be planned to be released at June 2019.

Concert Grand Piano sound and finely crafted features to take your breath away

Whether playing for your own enjoyment or practising for the perfect performance, YDP-164 will inspire you. With the Graded Hammer 3 (GH3) keyboard, a three-sensor configuration accurately senses and interprets the behaviour of the keyboard to provide a grand piano-style response and feel, allowing rapid note repetition and authentic expressive control. Synthetic ivory and ebony further guarantee a balanced and consistent playing experience.

The piano sound inside YDP-164 is that of Yamaha's 9' concert grand, the CFX, and is reproduced precisely with Smooth Release technology able to respond to every nuance.

All 10 Voices can be used in combination thanks to Dual Mode. Even more possibilities are unlocked through the free Smart Pianist App, with which you can make digital recordings direct to iPad or iPhone, have intuitive access to many functions and save personal settings.

YDP-144

Classic and elegant – begin your musical journey

Designed to elegantly fit into your home, YDP-144 represents the traditional design of the acoustic piano while delivering the technology and convenience of a state-of-the-art digital piano.

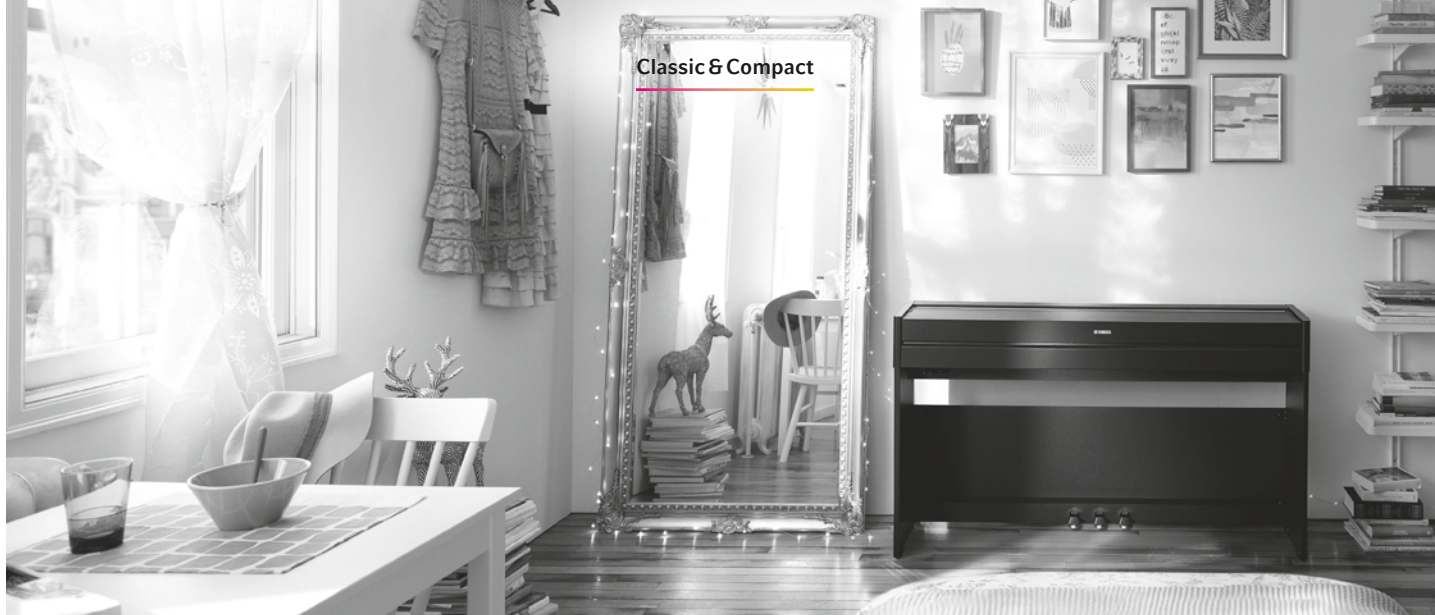

When you first play the YDP-144, the sound you will hear is that of Yamaha's flagship 9' concert grand, the CFX. Not only can you combine this with other sounds, such as strings, but you can also use Duo Mode to split the keyboard into two identical halves, so two can play at once.

With an 88-key piano action, the Graded Hammer Standard (GHS) reproduces the touch of an acoustic piano, from the heavy feel in the lower register to a lighter touch in the upper octaves.

Connect an iOS with the free Smart Pianist app and unlock even more potential within YDP-144. Perfect for practice or for the next step on your musical journey.

YDP-S54

Modern and stylish – A grand experience from a compact home piano

Perfect for hobbyists and students alike, the ARIUS YDP-S54 is a slim, space-saving instrument that fits beautifully into any room. With an 88-key piano action and synthetic ivory and ebony keys, the Graded Hammer 3 (GH3) keyboard reproduces the detailed touch of an acoustic piano, from the heavy feel in the lower register to a lighter touch in the upper octaves. The sound of the flagship 9' Yamaha CFX concert grand piano, offers sparkling highs and a powerful resonant bass as part of 10 sounds included in YDP-S54.

The YDP-S54 offers convenient functions for when you cannot always play the piano at high volume. Intelligent Acoustic Control (IAC) adjusts the sound automatically to allow players to enjoy balanced sound at any volume level. Stereophonic Optimizer lets players enjoy the natural, spacious sound experienced when sitting in front of an acoustic piano, even when wearing headphones. Listening pleasure is further enhanced by a new and powerful 2x20w amplifier and speaker system. Enjoy the YDP-S54 even more with Smart Pianist, a dedicated app that adds a beautiful graphic interface and a variety of incredible features.
